The History Of Tibet Curzon In Association With Iias 9:

A History of Sanskrit Grammatical Literature in Tibet, Volume 2 Assimilation into Indigenous Scholarship Pieter Cornelis Verhagen, 2021-10-01 This first systematic survey of the Tibetan non canonical literature dealing with Sanskrit grammar partly consists of translations of Indic works such as revisions of canonical versions and translations of works not contained in the canon and partly of original Tibetan works In the first chapter of the book a detailed description of these textual materials is presented sixty one titles in total which were produced during all periods of Tibetan literary history from the ninth to the twentieth centuries The second chapter discusses one specific effect of the impetus of Indic traditional grammar within Tibetan scholastics namely the influence of Indic models of linguistic description on Tibetan indigenous grammar This particular assimilation of an Indic technical discipline into Tibetan scholarship is examined in detail and it is shown that other segments of Indic Buddhism were sources of inspiration and derivation for the Tibetan grammarians as well **Spoiling**

Tibet Gabriel Lafitte, 2013-09-12 The mineral rich mountains of Tibet so far have been largely untouched by China's growing economy Nor has Beijing been able to settle Tibet with politically reliable peasant Chinese That is all about to change as China's 12th Five Year Plan from 2011 to 2015 calls for massive investment in copper gold silver chromium and lithium mining in the region with devastating environmental and social outcomes Despite great interest in Tibet worldwide **Spoiling Tibet** is the first book that investigates mining at the roof of the world A unique authoritative guide through the torrent of online posts official propaganda and exile speculation **Their Footprints Remain** Alex McKay, 2007 By the end of the 19th century British imperial medical officers and Christian medical missionaries had introduced Western medicine to Tibet Sikkim and Bhutan **Their Footprints Remain** uses archival sources personal letters diaries and oral sources in order to tell the fascinating story of how this once new medical system became imbedded in the Himalayas Of interest to anyone with an interest in medical history and anthropology as well as the Himalayan world this volume not only identifies the individuals involved and describes how they helped to spread this form of imperialist medicine but also discusses its reception by a local people whose own medical practices were based on an entirely different understanding of the world **Modern South Asia**

Sugata Bose, Ayesha Jalal, 2004 A wide ranging survey of the Indian sub continent **Modern South Asia** gives an enthralling account of South Asian history After sketching the pre modern history of the subcontinent the book concentrates on the last three centuries from c 1700 to the present Jointly written by two leading Indian and Pakistani historians **Modern South Asia** offers a rare depth of understanding of the social economic and political realities of this region This comprehensive study includes detailed discussions of the structure and ideology of the British raj the meaning of subaltern resistance the refashioning of social relations along lines of caste class community and gender and the state and economy society and politics of post colonial South Asia The new edition includes a rewritten accessible introduction and a chapter by chapter revision to take into account recent research The second edition will also bring the book completely up to date with a chapter

on the period from 1991 to 2002 and a discussion of the last millennium in sub continental history *Pilgrimage in Tibet* Alex McKay, 2013-12-16 The Western image of Tibet as a sacred land is in many ways a mythical construction But the Tibetans themselves have traditionally mapped out their land in terms of areas of sacred space and pilgrimage ensuring a high degree of mobility within all classes of Tibetan society Pilgrims travelled to local regional and national centres throughout recorded Tibetan history In recent years pilgrimage has resumed in areas where it had been forbidden by the Chinese authorities and has now become one of the most prominent religious expressions of Tibetan national identity In this major new work leading scholars of Asian pilgrimage traditions discuss historical and contemporary aspects of pilgrimage within the Tibetan cultural world Myths and legends material conditions textual sources a modern pilgrim's impressions political and economic influences biographies and contemporary developments all these and many other issues are examined here The result is an informative and often entertaining work which contributes greatly to our knowledge of the history and culture of Tibet as well as the wider issues of religious power and practice Dignaga's Investigation of the Percept Douglas Duckworth, Malcolm David Eckel, 2016-11-03 While a short work of only eight verses and a three page autocommentary the Investigation of the Percept has inspired epistemologists for centuries and has had a wide ranging impact in India Tibet and China Dignaga one of the major figures in Buddhist epistemology explores issues such as the relation between the mind and its percepts the problems of idealism and realism and the nature of intentionality in this brief but profound text This volume provides a comprehensive history of the text in India and Tibet from 5th century India to the present day This team of philologists historians of religion and philosophers who specialize in Tibetan Sanskrit and Chinese philosophical literature has produced the first study of the text and its entire commentarial tradition Their approach makes it possible to employ the methods of critical philology and cross cultural philosophy to provide readers with a rich collection of studies and translations along with detailed philosophical analyses that open up the intriguing implications of Dignaga's thought and demonstrate the diversity of commentarial approaches to his text The comprehensive nature of the work reveals the richness of commentary in Indian and Tibetan Buddhism and shows surprising parallels between the modern West and traditional Buddhist philosophy **The Publishers' Circular and Booksellers' Record**, 1910 *International Books in Print*, 1995 Barbara Hopkinson, [Anonymus AC01401231], 1995 *HISTORY OF MODERN INDIA & INDIAN NATIONAL MOVEMENT (2020-21 ALL IAS/PCS)* YCT EXPERT TEAM, 2020 21 ALL IAS PCS HISTORY OF MODERN INDIA INDIAN NATIONAL MOVEMENT G S PLANNER 5 With Exam Oriented Explanation CHAPTER WISE SOLVED PAPERS **The Publisher**, 1910

Beyer,1992-07-01 Among Asian languages Tibetan is second only to Chinese in the depth of its historical record with texts dating back as far as the eighth and ninth centuries written in an alphabetic script that preserves the contemporaneous phonological features of the language The Classical Tibetan Language is the first comprehensive description of the Tibetan language and is distinctive in that it treats the classical Tibetan language on its own terms rather than by means of descriptive categories appropriate to other languages as has traditionally been the case Beyer presents the language as a medium of literary expression with great range power subtlety and humor not as an abstract object He also deals comprehensively with a wide variety of linguistic phenomena as they are actually encountered in the classical texts with numerous examples of idioms common locutions translation devices neologisms and dialectal variations **India's Ad Hoc Arsenal** Chris Smith,1994 Chris Smith explores the evolution of Indian defence policy since 1947 He looks carefully at the domestic dynamics of Indian defence policy This includes an in depth analysis of the period 1947 62 which is often ignored by Indian defence analysts and the performance of the defence industrial base He concludes that India s defence policy is designed more as one aspect of the quest for great power status than as an attempt to acquire security at an affordable price **Knowing Asia, Being Asian** Sarvani Gooptu,2021-12-09 This book studies the various representations of Asia in Bengali literary periodicals between the 1860s and 1940s It looks at how these periodicals tried to analyse the political situation in Asia in the context of world politics and how Indian nationalistic ideas and associations impacted their vision The volume highlights the influences of cosmopolitanism universalism and nationalism which contributed towards a common vision of a united and powerful Asia and how these ideas were put into practice It analyses travel accounts by men and women and examines how women became the focus of the didactic efforts of all writers for a horizontal dissemination of Asian consciousness The author also provides a discussion on Asian art and culture past and present connections between Asian countries and the resurgence of 19th century Buddhism in
