Witness to Hope George Weigel, 2005-04-08 The Definitive Biography of Pope John Paul II *Witness to Hope* is the authoritative biography of one of the singular figures some might argue the singular figure of our time With unprecedented cooperation from John Paul II and the people who knew and worked with him throughout his life George Weigel offers a groundbreaking portrait of the Pope as a man a thinker and a leader whose religious convictions defined a new approach to world politics and changed the course of history As even his critics concede John Paul II occupied a unique place on the world stage and put down intellectual markers that no one could ignore or avoid as humanity entered a new millennium fraught with possibility and danger The Pope was a man of prodigious energy who played a crucial yet insufficiently explored role in some of the most momentous events of our time including the collapse of European communism the quest for peace in the Middle East and the democratic transformation of Latin America This updated edition of *Witness to Hope* explains how this man from a far country did all of that and much more and what both his accomplishments and the

unfinished business of his pontificate mean for the future of the Church and the world **A Living Sacrifice: Liturgy and Eschatology in Joseph Ratzinger** Roland Millare, 2022-06-13 A Living Sacrifice focuses on the inherent relationship between eschatology and the liturgy in light of Ratzinger's insistence upon the primacy of logos over ethos. When logos is subordinated to ethos, the human person becomes subjected to a materialist ontology that leads to an ethos that is concerned above all by utility and progress, which affects one's approach to understanding the liturgy and eschatology. How a person celebrates the liturgy becomes subject to the individual whim of one person or a group of people. Eschatology is reduced to addressing the temporal needs of a society guided by a narrow conception of hope or political theology. If the human person wants to understand his authentic sacramental logos, then he must first turn to Christ, the incarnate Logos, who reveals to him that he is created for a loving relationship with God and others. The primacy of logos is the central hermeneutical key to understanding the unique vision of Ratzinger's Christocentric liturgical theology and eschatology. This is coupled with a study of Ratzinger's spiritual Christology with a focus on how it influences his theology of liturgy and eschatology through the notions of participation and communion in Christ's sacrificial love. Finally, A Living Sacrifice examines Ratzinger's theology of hope, charity, and beauty, as well as his understanding of active participation in relationship to the eschatological and cosmic characteristics of the sacred liturgy.
