The Illness And Cure Of The Soul In The Orthodox Tradition:

The Illness and Cure of the Soul in the Orthodox Tradition Hierotheos Vlachos,1993 **Soul and Body Diseases, Remedies and Healing in Middle Eastern Religious Cultures and Traditions** ,2023-07-31 Aiming to develop a less studied literary genre this book provides a well rounded picture of spiritual and physical diseases and their remedies as they were ingrained in the imagination and practices of Middle Eastern Abrahamic cultures with a special emphasis of Christian communities Greeks Byzantines Syrians Armenians Georgians Ethiopians The volume traces traditions dealing with the onset of a disease in the body and soul the search for remedy the maintenance of healing and the engagement of these processes with faith either through their affirmation in the public sphere or remaining within the personal framework as in monastic traditions A recurring presence in religious literature and the history of the intellectual world the confrontation between disease and healing may well still be current for our modern understanding of the paths to seeking and maintaining the health of one s body and soul without excluding the factor of faith as a core principle **The Person in the Orthodox Tradition** Hierotheos Vlachos,1999 **A Night in the Desert of the Holy Mountain** Hierotheos Vlachos,1995

Orthodox Spirituality Hierotheos Vlachos,1994 A Guide to Orthodox Psychotherapy Archbishop Chrysostomos,2007 In this work the relationship between psychology and religion is analyzed It presents an analysis of the teachings of the Eastern Church Fathers on the world man and the psychological aspects of the union of man with God Archbishop Chrysostomos works into his presentation **Mental Disorders and Spiritual Healing** Jean-Claude Larchet,John Champoux,2005 This work the third panel of a triptych dedicated by the author to the notion of illness derived from the patristic and hagiographic texts of the Christian East from the first to the fourteenth centuries makes an essential contribution to the history of mental illnesses and their therapies in a domain very little studied until now Confronted by the numerous problems still posed today in understanding these illnesses their treatment and their relationship to those who are sick he shows the importance offered for reflection and current practice by early Christian thought and experience After indicating how the Fathers understood the psyche and its relationship with body and spirit the author gives a detailed analysis of the different causes they attribute to mental illness and the various treatments recommended At the same time he shows how relying on fundamental Christian values they manifest a constant solicitude and respect for the sick and how they are at pains to integrate them into community life and have them participate in their own healing foreshadowing in this way the needs and aspirations of our own time The last part discloses the deep significance of one of the strangest and most fascinating forms of asceticism the Christian East has known folly for the sake of Christ a madness feigned with the goal of attaining a high degree of humility but also a way well suited through a close experience of their condition to help those who are often among today as in the past the most destitute Jean Claude Larchet is docteur des lettres et sciences humaines docteur en theologie and docteur d Etat en philosophie The author of *Therapeutique des maladies spirituelles* Paris Editions de l Ancre 1991 and *The Theology of*

Illness Crestwood New York St Vladimir s Seminary Press 2002 he is a specialist in questions of health sickness and healing He is today one of the foremost St Maximus the Confessor specialists Wounded by Love Porphyrios (Gerōn),2005 The Theology of Illness Jean-Claude Larchet,2002 An examination of three interpretations of the most universally acknowledged piece of rhetoric in the history of the West The Sermon on the Mount The three interpretations examined from the perspectives of faith and language are St Augustine from the Latin and Catholic tradition St John Chrysostom the Greek and Orthodox tradition and Martin Luther the Reformation and Protestant tradition Together and yet separately they illuminate both the Sermon and the speaker for anyone who still takes the challenge of faith and language seriously **Life After Death** Mary T. Browne,1995-10-30 A renowned psychic and spiritual healer with clients all over the world Mary T Browne had her first clairvoyant experience at the age of seven For more than thirty years since then her visions of the other side and her communication with her teachers both in spirit and on the earth plane have helped to form not just her understanding of death but her philosophy of life In this fascinating inspiring book Mary T puts our lives into a much broader context than most of us have ever imagined LIFE AFTER DEATH describes in detail exactly where we go when we die Mary T s psychic connection to the spirit world and her ability to receive messages from those who have made the transition will inspire us to see death not as an ending but as a new beginning Mary T shows us that the spirit world is a place of harmony It is a realm of beauty light art music literature and friendship We do love beyond the grave and we will be reunited with our loved ones in the spirit world The touching stories of those reunions will help ease the fear of leaving the physical world Mary T takes the mystery out of death and leaves us with clear examples of the miraculous journey that lies ahead of us **Spiritual Direction and the Care of Souls** David G. Benner,Gary W. Moon,2025-06-23 In recent years many Christian clergy laity and mental health professionals have rediscovered the ancient practices of spiritual direction Seen as a refreshing alternative to the techniques and limitations of modern psychology such practices offer new insights for pastoral care But many remain unclear on what spiritual direction is and whether its methods are applicable to their own clients and parishioners Spiritual direction is a practice of Christian soul care that is found most notably in the Catholic Orthodox and Episcopal traditions but is also present in Wesleyan Holiness Pentecostal charismatic social justice and Reformed communities Predating modern counseling and psychotherapy movements but sharing key principles and insights for spiritual formation spiritual direction offers significant resources for today s pastors counselors therapists chaplains and other caregivers attuned to the work of God in people s lives In this landmark volume editors Gary W Moon and David G Benner along with a team of expert contributors provide a comprehensive survey of spiritual direction in its myriad Christian forms Specific chapters offer careful historical perspective and contemporary analysis of how Christians from various backgrounds have practiced spiritual direction with particular attention to each tradition s definition of spiritual direction the process of authentic transformation the role of the spiritual director indicators of mature spirituality and other aspects of the spiritual direction process Chapters
