The Hypo The Melancholic Young Lincoln:

The Hypo Noah Van Sciver, 2012-10-19 The debut graphic novel from Noah Van Sciver follows the twentysomething Abraham Lincoln as he loses everything long before becoming our most beloved president Lincoln is a rising Whig in the state's legislature as he arrives in Springfield IL to practice law With all of his possessions under his arms in two saddlebags he is quickly given a place to stay by a womanizing young bachelor who becomes his friend and close confidant Lincoln builds a life and begins friendships with the town's top lawyers and politicians He attends elegant dances and meets an independent minded young woman from a high society Kentucky family and after a brisk courtship becomes engaged But as time passes and uncertainty creeps in young Lincoln is forced to battle a dark cloud of depression brought on by a chain of defeats and failures culminating into a nervous breakdown that threatens his life and sanity Johnny Appleseed Paul Buhle, Noah Van Sciver, 2017-09-06 John Chapman aka Johnny Appleseed made himself the stuff of legend by spreading the seeds of apple trees from Pennsylvania to Indiana Along with that he offered the seeds of nonviolence and vegetarianism good relationships with Native Americans and peace among the settlers He was one of the New World's earliest followers of the Swedish theologian Emanuel Swedenborg The story of John Chapman operates as a counter narrative to the glorification of violence conquest and prevailing notions of how the West was Won It differentiates between the history and the half myths of Johnny Appleseed's life and work His apples for instance were prized for many reasons but none more so than for the making of hard cider He was also a real estate speculator of sorts purchasing potentially fertile but unproven acres and then planting saplings before flipping the land Yet he had less interest in financial gain and yes this is an accurate part of the mythology than in spreading visions of peace and love Johnny Appleseed brings this quintessentially American story to life in comics form *Lincoln's Melancholy* Joshua Wolf Shenk, 2006-10-02 A nuanced psychological portrait of Abraham Lincoln that finds his legendary political strengths rooted in his most personal struggles Giving shape to the deep depression that pervaded Lincoln's adult life Joshua Wolf Shenk's *Lincoln's Melancholy* reveals how this illness influenced both the President's character and his leadership Mired in personal suffering as a young man Lincoln forged a hard path toward mental health Shenk draws on seven years of research from historical record interviews with Lincoln scholars and contemporary research on depression to understand the nature of Lincoln's unhappiness In the process Shenk discovers that the President's coping strategies among them a rich sense of humor and a tendency toward quiet reflection ultimately helped him to lead the nation through its greatest turmoil A New York Times Book Review Editors Choice SELECTED AS A BEST BOOK OF THE YEAR Washington Post Book World Atlanta Journal Constitution St Louis Post Dispatch Pittsburgh Post Gazette As Featured on the History Channel documentary *Lincoln* Fresh fascinating provocative Sanford D Horwitt San Francisco Chronicle Some extremely beautiful prose and fine political rhetoric and leaves one feeling close to Lincoln a considerable accomplishment Andrew Solomon New York Magazine A profoundly human and psychologically important examination of the melancholy that

so pervaded Lincoln's life Kay Redfield Jamison Ph.D. author of *An Unquiet Mind* **An Anthropologist on Mars** Oliver Sacks, 2012-11-14 From the bestselling author of *The Man Who Mistook His Wife for a Hat* Fascinating portraits of neurological disorder in which men, women and one extraordinary child emerge as brilliantly adaptive personalities whose conditions have not so much debilitated them as ushered them into another reality Here are seven detailed narratives of neurological patients including a surgeon consumed by the compulsive tics of Tourette's syndrome unless he is operating an artist who loses all sense of color in a car accident but finds a new sensibility and creative power in black and white and an autistic professor who cannot decipher the simplest social exchange between humans but has built a career out of her intuitive understanding of animal behavior Sacks combines the well honed mind of an academician with the verve of a true storyteller **Gabbard's Treatments of Psychiatric Disorders, Fifth Edition** Glen O.
