## **The Idea Of The Holy:**

*The Idea of the Holy* R. Otto,1958 Fundamentally an inquiry into the non rational factor in the idea of the divine and its relation to the rational    **The Idea of the Holy : an Inquiry Into the Non-rational Factor in the Idea of the Divine and Its Relation to the Rational** Rudolf Otto,1957    **Being Holy in the World** Nicholas J. Healy,D. C. Schindler,2011 In Being holy in the world Nicholas Healy and D C Schindler presents the first book length study of David L Schindler s thought compiling essays by twelve scholars that examine Schindler s Trinitarian theology ecclesiology anthropology and metaphysics in the context of the encounter between Christianity and contemporary culture Page 4 of cover    **The Sacred and the Profane** Mircea Eliade,1959 Famed historian of religion Mircea Eliade observes that even moderns who proclaim themselves residents of a completely profane world are still unconsciously nourished by the memory of the sacred Eliade traces manifestations of the sacred from primitive to modern times in terms of space time nature and the cosmos In doing so he shows how the total human experience of the religious man compares with that of the nonreligious This book serves as an excellent introduction to the history of religion but its perspective also encompasses philosophical anthropology phenomenology and psychology It will appeal to anyone seeking to discover the potential dimensions of human existence P 4 of cover    **Migrations of the Holy** William T. Cavanaugh,2011-02-10 Whether one thinks that religion continues to fade or has made a comeback in the contemporary world there is a common notion that religion went away somewhere at least in the West But William Cavanaugh argues that religious fervor never left it has only migrated toward a new object of worship In Migrations of the Holy he examines the disconcerting modern transfer of sacred devotion from the church to the nation state In these chapters Cavanaugh cautions readers to be wary of a rigid separation of religion and politics that boxes in the church and sends citizens instead to the state for hope comfort and salvation as they navigate the risks and pains of mortal life When nationality becomes the primary source of identity and belonging he warns the state becomes the god and idol of its own religion the language of nationalism becomes a liturgy and devotees willingly sacrifice their lives to serve and defend their country Cavanaugh urges Christians to resist this form of idolatry to unthink the inevitability of the nation state and its dreary party politics to embrace radical forms of political pluralism that privilege local communities and to cling to an incarnational theology that weaves itself seamlessly and tangibly into all aspects of daily life and culture William Cavanaugh continues to provide leadership and vision in the field of political theology He addresses essential questions about the religious status of the nation state the political character of the church and how the tradition of Christian political thought might be brought to bear upon contemporary politics Unfolds a theological response to present political conditions and a political response to our theological condition Luke Bretherton King s College London Another vigorous but distinct voice in the burgeoning conversation about the role of religion generally and the church specifically in political life Worth a careful read Robert Benne    **The Holy in a Pluralistic World** Ulrich Rosenhagen,Gregory D Alles,2022 Rudolf Otto 1869 1937 was

one of the most important contributors to the study of religions at the beginning of the 20th century His book *The Idea of the Holy* became a sensation in its time and his account of numinous experience as a mysterium tremendum et fascinans a mystery that both repels and attracts had an effect equalled by few other ideas in the study of religions His vocabulary broke through narrow disciplinary bounds and was taken up by scholars in a variety of disciplines in the humanities and the social sciences Since the 1960s Otto has been increasingly overlooked and neglected As thinkers and scholars have turned in many other intellectual directions they have tended to see Otto as representative of a past to be rejected *The Holy in a Pluralistic World* gathers essays from a variety of perspectives theology religious studies intellectual history and cultural studies to address what Otto s legacy for the 21st century might be This volume explores Otto s ideas and their contexts then turns to the area that Otto more than any other German theologian or philosopher of religion opened up an engagement with the world of religions However Otto s influence has never been confined to systematic religious thought and the study of religions His ideas have resonated more widely and essays presented here examine this wider impact in architecture poetry politics and the contemporary world more generally *The Holy in a Pluralistic World* is not an attempt to revivify Rudolf Otto nor offer a magisterial statement about Otto s significance today It issues an invitation to those with an interest not just in religions but also in cultural phenomena to take another look at Otto and his ideas Perhaps they will find more than they expect and something that they can use

**The Knowledge of the Holy** Aiden Wilson Tozer,1965 A leading American

evangelical argues that our understanding of God s nature has become debased and that modern Christianity needs to rediscover its concept of the holy and its sense of religious awe Aimed at the general reader **Spirit-Led Preaching** Greg Heisler,2007-02-01 In the words of author Greg Heisler Spirit Led Preaching is a call issued to preachers pastors and teachers of homiletics to recover the Holy Spirit for expository preaching in the same way we have recovered the biblical text My plan for doing this is to recover the doctrine of pneumatology the study of spiritual beings phenomena for our theology of preaching resulting in a renewed emphasis on the powerful combination of Word and Spirit working together as the catalyst for powerful expository preaching Heisler thoroughly examines how the Holy Spirit illuminates and empowers the preacher opens the hearts of the hearers and applies the message to their lives Indeed to ignore the Holy Spirit s role in sermon preparation and delivery would be a considerable oversight **The Sacred and Its Scholars** Thomas A. Idinopoulos,Edward A. Yonan,1996 This volume of essays is devoted to a careful examination of the importance of methodology in the study of primary religious data The essays focus on the Sacred as an ultimate object of descriptive analysis and critical scrutiny on the part of a select number of North American and European methodologists in the study and teaching of the history of religions and its allied disciplines The central question to which the contributors respond are these What is the Sacred Is it a being or a concept of a being is it a mental state or an objective reality or something else entirely Can the Sacred be described as an empirical fact or as a formal rule for religious inquiry If the Sacred is a valid category in the study and teaching of religion

then what can be said about the antithesis of the sacred namely the profane or the secular This volume probes these questions with great care in order to justify a number of ways the Sacred can be construed as an indispensable notion for the study and teaching of religion    **The Mystery of the Holy Spirit** R. C. Sproul,1994 Drawing on Scripture and the testimony of the church s great thinkers Sproul looks at the role of God the Holy Spirit within the doctrine of the Trinity

From the Sacred to the Divine Anna-Teresa Tymieniecka,2012-12-06 The contemporary revival of interest in the Sacred as a category of philosophico religious reflection here finds a radical reversal of the traditional direction taking the Sacred as the starting point of the itinerary toward the Divine The wide variety of essays contained in this volume attempt to ground philosophy of the Sacred and the Divine in phenomenological evidence Though employing different methodologies the contributors register by and large the contribution of A T Tymieniecka s phenomenology of life in providing a significant 20th century vision for the accomplishment of this task Its pursuit finds here expression in philosophical historical literary and political explorations leading to construing phenomenology of the Sacred as a prerequisite to the investigation of the Divine The contributors to this extraordinary collection are C Bard Ales Bello Gerard Bucher D Chidester D Conchi M Kronegger S Laycock Ph Liverziani J N Mohanty E Moutsopoulos A M Olson Y Park G Penzo B Ross C Osowiec Ruoff Th Ryba J Smith A T Tymieniecka and E Wyschogrod    **The Work of the Holy Spirit** Abraham Kuyper,1900

#### **The Call of the Holy**

Hal St John Broadbent, 2012-12-06 This title provides an enquiry into the sacramental theology of Chauvet Heidegger and Benedict XVI Chauvet is the voice of contemporary Catholic sacramental theology His ideas are assimilated by students of theology particularly the liturgy throughout the French and English speaking world more or less without critical appraisal This is because his major work Symbole et Sacrement is interdisciplinary moving from a scholastic theological view of sacraments through a philosophical enquiry both into Heidegger's thought and into theorists of language to a consideration of anthropology and the monographs of ethnographers Few readers of Chauvet are equipped with the interdisciplinary resources to question his theological conclusions The Call of the Holy revisits Chauvet's sources with special emphasis on Heidegger's philosophical writings It uncovers serious omissions in Chauvet's appropriation of Heidegger's thought These

omissions destabilise Chauvet's theological positions and have far reaching implications given the influence of Chauvet's thought for contemporary Catholic sacramental theology T T Clark Studies in Fundamental Liturgy offer leading scholarship from all disciplines related to liturgical study The books in the series seek to reintegrate biblical patristic historical dogmatic and philosophical questions with liturgical study in ways faithful and sympathetic to classical liturgical enquiry Volumes in the series include monographs translations of recent texts and edited collections around very specific themes The series is edited by Susan Frank Parsons and Laurence Paul Hemming of the Society of St Catherine of Siena
