Superhero Ethics Travis Smith,2018-06-01 Whether in comic books or on movie screens superhero stories are where many people first encounter questions about how they should conduct their lives Although these outlandish figures in their capes masks and tights with their unbelievable origins and preternatural powers are often dismissed as juvenile amusements they really are profound metaphors for different approaches to shaping one s character and facing the challenges of life But given the choice which superhero should we follow today Who is most worthy of our admiration Whose goals are most noble Whose ethics should we strive to emulate To decide Travis Smith takes ten top superheroes and pits them one against another chapter by chapter The hero who better exemplifies how we ought to live advances to the final round By the end of the book a single superhero emerges victorious and is crowned most exemplary for our times How then shall we live How can we overcome our beastly nature and preserve our humanity The Hulk vs Wolverine How far can we rely on our willpower and imagination to improve the human condition Iron Man vs Green Lantern What limits must we observe when protecting our neighborhood from crime and corruption Batman vs Spider Man Will the pursuit of an active life or a contemplative life bring us true fulfillment Captain America vs Mr Fantastic Should we put our faith in proven tradition or in modern progress to achieve a harmonious society Thor vs Superman Using superheroes to bring into focus these timeless themes of the human condition Smith takes us on an adventure as fantastic as any you ll find on a splash page or the silver screen an intellectual adventure filled with surprising insights unexpected twists and turns and a daring climax you ll be thinking about long after it s over *The Invention of Hugo Cabret* Brian Selznick,2015-09-03 A richly written story with breathtaking pictures The
