The Hidden Evil The Financial Elites Covert War Against The Civilian Population:

The Hidden Evil Mark M. Rich, Mark provides compelling evidence that wealthy satanist psychopaths are waging a covert war right in your neighborhoods as they establish a global dictatorship known as the New World Order Their potential enemies are placed under constant surveillance by the security forces relentlessly persecuted and attacked with silent and traceless directed energy weapons that leave no visible injury These attacks are combined with psychological warfare used to inflict recurrent emotional pain **Hidden Evil** Mark Rich,2008-08-21 Highly organized covert state sponsored

psychological warfare operations being carried out on the civilian population in all NATO countries The hidden world part 1 John Baselmans,2015 Through these two books I want to show you as much as possible the completely blueprint where I ve worked on for years It s my library a collection from which I work and the many documents that I now use as evidence This book is a collection of quotations from many books magazines newspapers internet documents and reports from others Therefore I see this book as a manual reference book for those interested It s important to me that finally there is a book where everything that is concealed for us for centuries is at a glance What you do with the information and how much it is worth to you to know these things is up to you Here I simply put those pieces that in my eyes came closest to the truth and which fitted together like a puzzle The past has big secrets which still are carefully concealed in the present By putting the many citations and articles at a glance we see a strong message Wake up people **Invisible Eugenics** Mark M. Rich, Wealthy eugenicist psychopaths have launched a covert eugenics program to reduce the population They are attacking citizens with chemical weapons disguised as medicine which slowly inflict many devastating medical conditions The victims suffer a reduced lifespan and are removed from the breeding pool They have established complete control of the public schools which have been transformed into eugenic laboratories These laboratories are used to identify and destroy any positive values that might foster individual development and to identify those to be attacked The teachers and doctors are on the frontline working together to identify the resisters who are attacked for life with chemical weapons under the guise of medical treatment There is a highly coordinated worldwide coverup of the deaths and injuries caused by these weapons This population control agenda can be traced back to the late 1800s when they vowed to eliminate certain bloodlines to purify the human race **Life Among AI-Controlled Citizens** Mark M. Rich,2023-04-04 In this short book Mark shares the

observations that he s made over the last 18 years as a targeted individual The book is focused on the civilian population s witting acceptance of AI brain tethering Here s some of what he covers How the bulk of the population has already consciously taken the cerebral link that societal managers claim will happen in the future How the common citizen functions as a weaponized AI host carrying out clandestine public executions at the direction of AI What it s like to live among citizens who are knowingly brain shackled to a cognitive computer with the mind of a psychopath Why the citizens have communally normalized their enslavement to this digital monster while relegating it to the collective shadow Why the average person was

unable to resist AI enlistment Why the AI takeover of the population was unannounced remains insufficiently acknowledged in the independent media The double mind of the electronic beast decision makers in the surveillance loop Mark explains what must be done to free people from It so that genuine redemptive actions can be taken Killing the Planet Rodney Howard-Browne, Paul L. Williams, 2019-11-05 In Killing the Planet How A Financial Cartel Doomed Mankind best selling authors Rodney Howard Browne and Paul L Williams investigate the true motives and consequences of the Pilgrim Society Early members of the Society included J P Morgan Andrew Carnegie Andrew Mellon Cornelius Vanderbilt Paul Warburg Mortimer I Schiff Otto Kahn and John D Rockefeller Although the Pilgrim Society and the powerful men involved are often praised for their philanthropic actions Howard Browne and Williams show that the Society was self serving and subjected the American people to a brutal system of economic tyranny one which is still in place today As a sequel to The Killing of Uncle Sam Killing the Planet is a thoroughly documented and impeccably researched book with over 1 500 footnotes It shows how mankind has become enslaved within the Luciferian world system that is managed and controlled by the world s wealthiest families The book is not full of conspiracy theories but instead unfortunately for all of humanity full of gut wrenching facts

Organic Finance Atul K. Shah, 2025-06-11 Modern finance science is profoundly broken and damaging morally and culturally It has no choice but to change its theory and pedagogy but the question is how and in what ways We urgently need to see the world from a very different kinder gentler and more caring paradigm In truth the planet is bio diverse and so is society with a huge tapestry of faiths customs beliefs and practices in finance A holistic approach is urgently needed This book builds a new un anthropocentric moral and sustainable finance from the ground up helping students professionals and scientists to reconstruct the knowledge and connect it to indigenous beliefs and timeless wisdom An interdisciplinary nontechnical approach is adopted Respect for all living beings the protection of forests soil and soul and the importance of trust culture and relationships are critical to building harmonious communities Examples and techniques to re engineer finance science are offered throughout the book **New World War** Mark M. Rich, A silent war is taking place in cities all over the planet It is covered up by the media mental health system NGOs and our elected officials Now that the financial elite are finished using the US military and allied forces to conquer nations in their quest for global domination they re neutralizing individuals and groups of resisters who live among the people To do this they have recruited a major portion of the civilian population which is used as a surrogate force to persecute those who have been identified as enemies As part of the same agenda the security forces are conducting psychological operations on civilians and torturing them with directed energy weapons The entire operation is in service to some very wealthy psychopaths who rule our society as part of a global revolution intended to result in a planetary dictatorship known as the New World Order **Gangstalking and Psychic Possession: Servants of the Master Builders of Illusion** Eliza M Parr, 2021-01-28 If Gangstalking destroys the lives of millions why is it allowed to exist As a tool of the elite using other worldly entities mind control and technology it protects the

illusion controlled by the Master Builders and allows the Serpent in everybody's subconscious to control them by concepts and impressions a necessary device linked to corporate profits as well as the maintenance of the illusion The original instigators of civilization still oversee and control the evolution of illusion down here on earth This book answers the many questions both spiritual and practical as to the irrational activity of Gangstalking It details the concealed reality which co exists underlies monitors and controls this one A reality of psychic possession shape shifting daimons Energies devoted to impeding the emergence of mankind's true Glory for the sake of maintaining control of the illusion You may not like everything that you read in this book but you after you have read it you will be in no doubt that it is time to awaken to long hidden truths about how the world works and not who but WHAT controls it and why Contains inside and on back cover photographs of shape shifting demonic materializations linked to gangstalking and gangstalkers themselves Chapters include 1 Who is behind this 2 The possessed seeking to possess others 3 Freemasonry is the church of the Serpent 3 Recognizing the energy that isn't you're claiming the lost vision 4 Understanding the evolution of psychic possession 5 Incarnation of the soul and the soulless 6 The Serpent in the garden 7 The beatific state without the Serpent 8 Why the Master Builders suppress the beatific state for the propagation of illusion 9 The usurpation of individuality and empowerment leaves us slaves to the Master Builders illusion 10 Asset management and the order of the Knights of Malta 11 The Serpents control depends upon lack of love putting out the human nodes of light 12 Mind control the suckers 13 Brutalizing the awakened the Serpents only threat 14 Why Gangstalkers steal the jewels of the solar plexus chakra and Chi 15 Why the electronic mind control of society is necessary 16 Generated fracas keeping communities mediocre by artificial intelligence gangstalking and technological thugs 17 Tech to achieve take over by their fruits ye shall know them 18 Unlimited personal power is counteracted 19 Energetic beings made real and formed from your body 20 Technology for the supplantation hybrid cyborg slaves 21 Targeted individuals and gangstalking 22 Taking our power back from the Master Builders the dawning of a new kingdom 23 Fallen Angels

Geoengineering Mark M. Rich, 2014-06-19 Deadly aerosols that poison the air food and water supplies have been injected into the atmosphere since the late 1940s The program known as geoengineering has been implemented by wealthy eugenicists to deliberately sabotage the planet and commit mass murder By directly poisoning the Earth's life sustaining natural resources geoengineering offers a compound approach to depopulation The ionospheric heaters which are used in conjunction with geoengineering allow for the creation of artificial droughts and floods that are impacting many nations Geoengineering has unleashed fatal climate feedback loops that have set the planet on a doomful course The fallouts and weather attacks further a deceptive gambit for global feudalism known as Agenda 21 With obstructive policies and rising costs they intend to seize private property and herd citizens into megacities with towering prisons that hold hundreds of thousands of people

The Black Box Society Frank Pasquale, 2015-01-05 Every day corporations are connecting the dots about our personal behavior silently scrutinizing clues left behind by our work habits and Internet use The data compiled and portraits created are incredibly detailed to the point of being invasive But who connects the dots about what firms are doing with this information The Black Box Society argues that we all need to be able to do so and to set limits on how big data affects our lives Hidden algorithms can make or ruin reputations decide the destiny of entrepreneurs or even devastate an entire economy Shrouded in secrecy and complexity decisions at major Silicon Valley and Wall Street firms were long assumed to be neutral and technical But leaks whistleblowers and legal disputes have shed new light on automated judgment Self serving and reckless behavior is surprisingly common and easy to hide in code protected by legal and real secrecy Even after billions of dollars of fines have been levied underfunded regulators may have only scratched the surface of this troubling behavior Frank Pasquale exposes how powerful interests abuse secrecy for profit and explains ways to rein them in Demanding transparency is only the first step An intelligible society would assure that key decisions of its most important firms are fair nondiscriminatory and open to criticism Silicon Valley and Wall Street need to accept as much accountability as they impose on others

The 2030 Spike Colin Mason, 2003 The clock is relentlessly ticking Our world teeters on a knife edge between a peaceful and prosperous future for all and a dark winter of death and destruction that threatens to smother

the light of civilization Within 30 years in the 2030 decade six powerful drivers will converge with unprecedented force in a statistical spike that could tear humanity apart and plunge the world into a new Dark Age Depleted fuel supplies massive population growth poverty global climate change famine growing water shortages and international lawlessness are on a crash course with potentially catastrophic consequences In the face of both doomsaying and denial over the state of our world Colin Mason cuts through the rhetoric and reams of conflicting data to muster the evidence to illustrate a broad picture of the world as it is and our possible futures Ultimately his message is clear we must act decisively collectively and immediately to alter the trajectory of humanity away from catastrophe Offering over 100 priorities for immediate action The 2030 Spike serves as a guidebook for humanity through the treacherous minefields and wastelands ahead to a bright peaceful and prosperous future in which all humans have the opportunity to thrive and build a better civilization This book is powerful and essential reading for all people concerned with the future of humanity and planet earth **The Real North**

Korea Andrei Lankov, 2015 In *The Real North Korea* Lankov substitutes cold clear analysis for the overheated rhetoric surrounding this opaque police state Based on vast expertise this book reveals how average North Koreans live how their leaders rule and how both survive *Making Twenty-First-Century Strategy - an Introduction to Modern National Security Processes and Problems* Dennis Drew, Donald Snow, 2006-08-01 This book is about national security strategy what it is what its objectives are what problems it seeks to solve or at least manage and what kinds of influences constrain and create opportunities for the development and implementation of strategies The heart of the problem with which national security strategy deals is the series of threats normally military but increasingly semi or nonmilitary in character that the country must confront and somehow overcome or contain When the original version of this book¹ was published in 1988 the set of threats facing the United States was reasonably static those problems associated with the Cold War confrontation with a communist world led by the Soviet Union even if there were signs of change on the horizon In the ensuing decade and a half that configuration of problems largely dissolved along with the concrete parameters within which we operated In its place is a much more diffuse shifting and controversial set of problems that is simultaneously simple compelling and arguable Making strategy is no longer a simple straightforward process if it ever were The making and implementation of strategy at the national level is largely an exercise in risk management and risk reduction Risk at that level is the difference between the threats posed to our security by our adversaries and our capabilities to counter or negate those threats Assessing risk and resolving it has two primary dimensions The first is the assessment of risk itself what conditions represent threats to our security and how serious are those threats relative to one another and to our safety The answers to these questions are not mechanical and obvious but are the result of subjective human assessments based on different political and philosophical judgments about the world and our place in it The other dimension is the adequacy of resources to counter the threats that we identify In circumstances of plenty where there are adequate resources manpower materiel perceived will etc to counter

all threats this is not a problem In the real world each of these dimensions presents a real set of issues which we must acknowledge up front Necessary Illusions Noam Chomsky,1995-09-02 In his national bestselling 1988 CBC Massey Lectures Noam Chomsky inquires into the nature of the media in a political system where the population cannot be disciplined by force and thus must be subjected to more subtle forms of ideological control Specific cases are illustrated in detail using the U S media primarily but also media in other societies Chomsky considers how the media might be democratized as part of the general problem of developing more democratic institutions in order to offer citizens broader and more meaningful participation in social and political life **Killing Hope** William Blum,2022-07-14 In Killing Hope William Blum author of the bestselling Rogue State A Guide to the World s Only Superpower provides a devastating and comprehensive account of America s covert and overt military actions in the world all the way from China in the 1940s to the invasion of Iraq in 2003 and in this updated edition beyond Is the United States as it likes to claim a global force for democracy Killing Hope shows the answer to this question to be a resounding no **Unrestricted Warfare** Liang Qiao,Xiangsui Wang,2002 Three years before the September 11 bombing of the World Trade Center a Chinese military manual called Unrestricted Warfare touted such an attack suggesting it would be difficult for the U S military to cope with The events of September 11 were not a random act perpetrated by independent agents The doctrine of total war outlined in Unrestricted Warfare clearly demonstrates that the People s Republic of China is preparing to confront the United States and our allies by conducting asymmetrical or multidimensional attack on almost every aspect of our social economic and political life *Apollo's Warriors* Michael E. Haas,1998-05 Presenting a fascinating insider s view of U S A F special operations this volume brings to life the critical contributions these forces have made to the exercise of air space power Focusing in particular on the period between the Korean War the Indochina wars of 1950 1979 the accounts of numerous missions are profusely illustrated with photos maps Includes a discussion of AF operations in Europe during WWII as well as profiles of Air Commandos who performed above beyond the call of duty Reflects on the need for financial political support for restoration of the forces Bibliography Extensive photos maps Charts tables
