**The Hip-Hop Church** Efrem Smith, Phil Jackson, 2012-04-08 Hip hop is here The beats ring out in our cities Hip hop culture is all around us in the clothes youth wear in the music they listen to in the ways they express themselves It is the language they speak the rhythm they move to It is a culture familiar with the hard realities of our broken world the generation raised with rap knows about the pain They need to know about the hope Enter the hip hop church Like the culture it rises from the hip hop church is relevant and bold And it speaks to the heart In this book pastors Efrem Smith and Phil Jackson show the urgency of connecting hip hop culture and church to reach a generation with the gospel of Jesus Christ They give practical ideas from their urban churches and other hip hop churches about how to engage and incorporate rap break dancing poetry and deejays to worship Jesus and preach his Word Hip hop culture is shaping the next generation Ignoring it will not reduce its influence it will only separate us from the youth moving to its rhythm How will they hear Christ's message of truth and hope if we don't speak their language And how can we speak their language if we don't understand and embrace their culture Hear the beat Join the beat Become the beat that brings truth and hope to a hungry hurting generation

**Urban God Talk** Andre E. Johnson, 2013-08-28 Urban God Talk Constructing a Hip Hop Spirituality edited by Andre Johnson is a collection of essays that examine the religious and spiritual in hip hop The contributors argue that the prevailing narrative that hip hop offers nothing in the way of religion and spirituality is false From its beginning hip hop has had a profound spirituality and advocates religious views and while not orthodox or systemic nevertheless many in traditional orthodox religions would find the theological and spiritual underpinnings in hip hop comforting empowering and liberating In addition this volume demonstrates how scholars in different disciplines approach the study of hip hop religion and spirituality Whether it is a close reading of a hip hop text ethnography a critical studies approach or even a mixed method approach this study is a pedagogical tool for students and scholars in various disciplines to use and appropriate for their own research and understanding Urban God Talk will inspire not only scholars to further their research but will also encourage publishers to print more in this field The contributors to this in depth study show how this subject is an underrepresented area within hip hop studies and that the field is broad enough for numerous monographs edited works and journal publications in the future
