Fagan,2016-07-14 Chicana o literature frequently depicts characters who exist in a vulnerable liminal space living on the border between Mexican and American identities and sometimes pushed to the edge by authorities who seek to restrict their freedom As this groundbreaking new study reveals the books themselves have occupied similarly precarious positions as Chicana o literature has struggled for economic viability and visibility on the margins of the American publishing industry while Chicana o writers have grappled with editorial practices that compromise their creative autonomy From the Edge reveals the tangled textual histories behind some of the most cherished works in the Chicana o literary canon tracing the negotiations between authors editors and publishers that determined how these books appeared in print Allison Fagan demonstrates how the texts surrounding the authors words from editorial prefaces to Spanish language glossaries from cover illustrations to reviewers blurbs have crucially shaped the reception of Chicana o literature To gain an even richer perspective on the politics of print she ultimately explores one more border space studying the marks and remarks that readers have left in the margins of these books From the Edge vividly demonstrates that to comprehend fully the roles that ethnicity language class and gender play within Chicana o literature we must understand the material conditions that governed the production publication and reception of these works By teaching us how to read the borders of the text it demonstrates how we might perceive and preserve the faint traces of those on the margins **The New Teacher Book** Terry Burant,Linda Christensen,Kelley Dawson Salas,Stephanie Walters,2010 Teaching is a lifelong challenge but the first few years in the classroom are typically a teacher s hardest This expanded collection of writings and reflections offers practical guidance on how to navigate the school system form rewarding relationships with colleagues and connect in meaningful ways with students and families from all cultures and backgrounds *Intersections of Harm* Laura Halperin,2015-07-13 In this innovative new study Laura Halperin examines literary representations of harm inflicted on Latinas minds and bodies and on the places Latinas inhabit but she also explores how hope can be found amid so much harm Analyzing contemporary memoirs and novels by Irene Vilar Loida Maritza P rez Ana Castillo Cristina Garc a and Julia Alvarez she argues that the individual

harm experienced by Latinas needs to be understood in relation to the collective histories of aggression against their communities. *Intersections of Harm* is more than just a nuanced examination of the intersections among race, ethnicity, class, gender, and sexuality. It also explores the intersections of deviance and defiance, individual and collective, and mind, body, and place. Halperin proposes that ironically the harmful ascriptions of Latina deviance are tied to the hopeful expressions of Latina defiance. While the Latina protagonists' defiance feeds into the labels of deviance imposed on them, it also fuels the protagonists' ability to resist such harmful treatment. In this analysis, Halperin broadens the parameters of literary studies of female madness as she compels us to shift our understanding of where madness lies. She insists that the madness readily attributed to individual Latinas is entwined with the madness of institutional structures of oppression, and she maintains that psychological harm is bound together with physical and geopolitical harm. In her pan-Latina study, Halperin shows how each writer's work emerges from a unique set of locales and histories, but she also traces a network of connections among them. Bringing together concepts from feminism, postcolonialism, illness studies, and ecocriticism, *Intersections of Harm* opens up exciting new avenues for Latina/o studies.

[The Meaning of Multiraciality](#) Aurora Chang, 2022-05-09 *The Meaning of Multiraciality: A Racially Queer Exploration of Multiracial College Students' Identity Production* provides a comprehensive overview of Multiraciality as a term, experience, and identity, using data from a study of Multiracial college students and well as the author's own experiences as a Multiracial person. Utilizing a racially queer framework, they discuss what it means to be a Multiracial insider, being a Multiracial researcher, studying Multiracial students, the counterstories of Multiracial college students, the theorizing that has emerged as a result, and the educational consequences and impacts on Multiracial students overall. The author explores the following questions: How do Multiracial students produce their identities? How do Multiracial students exercise their agency? How does the notion of Multiraciality perpetuate and disrupt notions of race? How can we expand theoretical understandings of race so that they take Multiracial people into account, specifically within educational settings? The author illustrates the agentic ways in which Multiracial college students come to understand and experience the complexity of their racialized identity production. Their counter narratives reveal an otherwise invisible student population, providing an opportunity to broaden critical discourses around education and race.
