**James Merrill, Postmodern Magus** Evans Lansing Smith, 2008-09 One of the unique voices in our century James Merrill was known for his mastery of prosody his ability to write books that were not just collected poems but unified works in which each individual poem contributed to the whole and his astonishing evolution from the formalist lyric tradition that influenced his early work to the spiritual epics of his later career Merrill's accomplishments were recognized with a Pulitzer Prize in 1977 for *Divine Comedies* and a National Book Critics Circle Award in 1983 for *The Changing Light at Sandover* In

this meticulously researched carefully argued work Evans Lansing Smith argues that the nekylia the circular Homeric narrative describing the descent into the underworld and reemergence in the same or similar place confers shape and significance upon the entirety of James Merrill's poetry Smith illustrates how pervasive this myth is in Merrill's work not just in *The Changing Light at Sandover* where it naturally serves as the central premise of the entire trilogy but in all of the poet's books before and after that central text By focusing on the details of versification and prosody Smith demonstrates the ingenious fusion of form and content that distinguishes Merrill as a poet Moving beyond purely literary interpretations of the poetry Smith illuminates the numerous allusions to music art theology philosophy religion and mythology found throughout Merrill's work [A Short History of Western Civilization](#) John B. Harrison, Richard E. Sullivan, Dennis Sherman, 1984-12-01

shows how the Sheela is a goddess with the power to renew a folk deity used to help women survive childbirth and as a guardian of doorways and castle walls a liminal entity representing the gateway to the divine She explains how these powerful images survived eradication during the rise of Christianity and retained their preeminent positions on sacred sites including medieval churches The author provides meditations on the individual Sheelas she encountered during her 25 years of research allowing readers to commune with these icons and feel the power they emanate Exploring comparable figures such as Baubo Medusa the Neolithic Frog Goddess and vulva depictions in cave art she reveals the female sacred display to be a universal archetype the most enduring image of creativity throughout history and illustrates how cultures from Africa and Ecuador to India and Australia possess similar images depicting goddesses parting their thighs to reveal sacred powers Explaining the role of the Sheela na gig in restoring the Divine Feminine the author shows the Sheela to be an icon that makes visible the cycles of birth death and renewal all humans experience and a necessary antidote to centuries of suppression of the primal power of women of nature and of the imagination
