International Companion Encyclopedia of Children's Literature Peter Hunt, 2004-08-02 Children's publishing is a huge international industry and there is ever growing interest from researchers and students in the genre as cultural object of study and tool for education and socialization Children Reading Pictures Evelyn Arizpe, Morag Styles, 2004-08-02 This book describes the fascinating results of a two year study of children's responses to contemporary picturebooks Children of primary school age from a range of backgrounds read and discussed books by the award winning artists Anthony Browne and Satoshi Kitamura They then made their own drawings in response to the books The authors found that children are sophisticated readers of visual texts and are able to make sense of complex images on literal visual and metaphorical levels They are able to understand different viewpoints analyse moods messages and emotions and articulate personal responses to picturebooks even when they struggle with the written word With colour illustrations and interviews with the two authors whose books were included in the study this book demonstrates how important visual literacy is to children's understanding and development Primary and Early Years teachers literacy co ordinators and all those interested in children's literature will find this a captivating read Margaret Wise Brown's Experimental Art Julia Pond, 2024-09-25 In this study the engaging art created by children's author Margaret Wise Brown receives the critical attention it deserves as a lasting contribution to American children's literature Through analysis of her dozens of titles published during the height of western Modernism this scholarly text shares Brown's importance and impact from the perspective of Brown's work rather than biographically Moving beyond such popular titles as Goodnight Moon and The Runaway Bunny into deeper cuts reveals how Brown's oeuvre bridges multiple disciplines including writing visual art philosophy and music Her projects successfully experiment with artistic collaboration and synesthesia as a natural expression for a child readership while both contributing to and reflecting high Modernism amidst the two World Wars The quality of Brown's writing and the maturity of her themes reveal respect for her child audience and recommend her work to the generations of readers who followed her early death As this book

demonstrates Margaret Wise Brown remains one of the truly great authors of children's literature

Picturing Canada
Gail Edwards, Judith Saltman, 2014-07-31 The study of children's illustrated books is located within the broad histories of print culture, publishing, the book trade, and concepts of childhood. An interdisciplinary history, *Picturing Canada* provides a critical understanding of the changing geographical, historical, and cultural aspects of Canadian identity as seen through the lens of children's publishing over two centuries. Gail Edwards and Judith Saltman illuminate the connection between children's publishing and Canadian nationalism, analyse the gendered history of children's librarianship, identify changes and continuities in narrative themes and artistic styles, and explore recent changes in the creation and consumption of children's illustrated books. Over 130 interviews with Canadian authors, illustrators, editors, librarians, booksellers, critics, and other contributors to Canadian children's book publishing document the experiences of those who worked in the industry. An important and wholly original work, *Picturing Canada* is fundamental to our understanding of publishing history and the history of childhood itself in Canada.
