Taylor's thrilling new novella sets Pike Logan and Jennifer Cahill against a Serbian gang that makes the mistake of kidnapping someone they both hold dear. Pike Logan and Jennifer Cahill are no strangers to international conflict, but this time they're facing a threat much closer to home. Amena, the young Syrian refugee they have taken into their care, is having trouble settling into her new life in South Carolina. As they all struggle to figure out the bounds of their new life, a fight with Pike sends Amena running to the streets of Charleston, where she befriends a girl and her Serbian guardian who may not be as harmless as they seem. Pike, wild with worry over Amena's disappearance, makes it his mission to bring her home safely, but she is in much more danger than they realize. To make matters worse, classified nuclear information may also be on the line. While Pike is on the warpath, Amena learns of the Serbian's true nature and the terrible exit fee he exacts from girls who don't play by his rules. Now it's up to Pike to find her, but the risk will be much higher than he imagines. Includes an excerpt from Brad Taylor's upcoming Pike Logan thriller **Hunter Killer**. **The Cobra** Frederick Forsyth, 2010-08-17 For decades the West has been fighting the cocaine cartels and losing until the president decides enough is enough and asks one man to take charge. His task: to destroy the cocaine industry. His name: Cobra. It is the ultimate secret war. But only one side can win.

**One Rough Man** Brad Taylor, 2011-02-17 The first Pike Logan novel from New York Times bestselling author Brad Taylor. They call it the Taskforce. Commissioned at the highest level of the U.S. government. Protected from the prying eyes of Congress and the media. Designed to operate outside the bounds of U.S. law. Trained to exist on the ragged edge of human capability. Pike Logan was the most successful operator on the Taskforce; his instincts and talents unrivaled until personal tragedy permanently altered his outlook on the world. Pike knows what the rest of the country might not want to admit: The real threat isn't from any nation, any government, any terrorist group. The real threat is one or two men controlled by ideology, operating independently in possession of a powerful weapon. Buried in a stack of intercepted chatter is evidence of two such men. The transcripts are scheduled for analysis in three months. The attack is mere days away. It is their bad luck that they're about to cross paths with Pike Logan. Because Pike Logan has nothing left to lose. **The Insider Threat** Brad

Taylor, 2020-08-06 They'll commit an act of unthinkable barbarity. The Taskforce, a highly clandestine Special Forces unit, has confronted countless attacks but never one of this magnitude. ISIS has set in motion an attack that no airstrike can defeat. It's off the radar, can penetrate all parts of the Western world, and is barbaric beyond measure. Only the Taskforce and Pike Logan know about this unanticipated threat. If they can't prevent it, unimaginable chaos will consume the Western world. Praise for Brad Taylor: It's an excellent read and I greatly enjoyed it. Nelson DeMille: Pike ranks right up there with Jason Bourne, Jack Reacher, and Jack Bauer. John Lescroart: Logan is a tough, appealing hero you're sure to root for. Joseph Finder: Fresh plot, great actions, and Taylor clearly knows what he is writing about. Vince Flynn **W. E. B.
