What is Hip Hop Hip hop speaks in a voice that is sometimes gruff sometimes enraged sometimes despairing sometimes hopeful Hip hop is the voice of forgotten streets laying claim to the high life of rims and timbs and threads and bling Hip hop speaks in the muddled language of would be prophets mocking the architects of the status quo and stumbling in the dark toward a blurred vision of a world made right What is hip hop It s a cultural movement with a traceable theological center Daniel White Hodge follows the tracks of hip hop theology and offers a path from its center to the cross where Jesus speaks truth

Spinks, 2011-02-01 Religion today is in competition with the leisure

and entertainment industries Gen Y the postmodern generation is open to spirituality but most of today's young adults have not been born into faith communities where they feel any lasting allegiance Studies suggest that for the young belief in God is an optional matter a virtual consumer choice As a result different trends in worship and worship styles are offered by different churches to suit lifestyles attitudes and personal taste *I Am Number 8* John Gray, 2017-04-18 If God can take David the invisible eighth son of a forgotten family and turn him into a king just imagine what magnificent plans He has for redeeming your life David was born a number 8 a hidden gem often overlooked and undervalued by everyone except for God For David being a number 8 seemed like a curse until the day God transformed him from the unknown eighth son of Jesse into the much honored king of Israel When God sends out an invitation to greatness His directions don't always make sense to us You may feel like the most invisible broken number 8 out there but God sees your hidden value and is growing you for better things David didn't know it but his time as a simple shepherd with a dull future did not go unnoticed by God In David's darkest moments he was cultivating the kind of gifts wisdom and leadership he would need to become a king Even when you're an underdog in the eyes of the world God is working behind the scenes to develop you into a king or queen **NIV, Our Heritage and Faith Holy Bible for African-American Teens** Zondervan, 2012-07-03 Our Heritage and Faith Holy Bible for African American Teens in the New International Version helps teens understand their heritage and enables them to identify and interact with Scripture Focusing on the traditions of the African American church the 106 pages of articles and essays help teens come to know the roots of their lives their forms of worship and their faith in God Photos and illustrations are included on tip in pages to enhance the teen's experience of learning about their heritage *Speaking in Tongues and Dancing Diaspora* Mae G. Henderson, 2014-05-07 The oral tradition has always played an important role in African American literature ranging from works such as Zora Neale Hurston's *Their Eyes Were Watching God* to Toni Morrison's *Beloved* These and countless other novels affirm the power of sonance and sound in the African American literary canon Considering the wide swath of work in this powerful lineage in addition to its shared heritage with performance Mae G Henderson deploys her trope of speaking in tongues to theorize the preeminence of voice and narration in black women's literary performance through her reconstruction of a fundamentally spiritual practice as a critical concept for reading black women's writing dialogically and intertextually The first half of the book is devoted to influential works of fiction as Henderson offers a series of spirited attentive readings of works by Zora Neale Hurston Alice Walker Sherley Anne Williams Toni Morrison Gayl Jones and Nella Larsen The second half shifts gears to consider the world of female African American performance most notably in the figures of Josephine Baker and the video dancer Drawing on the trope of dancing diaspora Henderson proposes a model of theorizing based on performing testimony and critical witnessing Throughout the book Henderson draws on a history of black women not only in the Pentecostal Holiness Church but also within the traditions of classical Christian African and black diasporic spirituality and performance Ultimately *Speaking in Tongues and Dancing Diaspora* provides a

deeply felt reflection on race and gender and their effects within the discourses of speaker listener and audience performer
