The Hypnobirthing Bundle For Happy Hypnomoms And Blissful Hypnobabies:

Meditations for Pregnancy, 2011-10-01 The relationship between mother and child begins the moment a woman learns she is pregnant. *Meditations for Pregnancy* is a beautiful tool for mothers to be to enhance that relationship. Nurture their bodies through a healthy pregnancy and focus their thoughts on a joyful birth experience. Pregnancy can inspire an overwhelming host of emotions. A woman may feel excitement about the new life growing inside her yet apprehension about the changes it will bring. Her body is expanding, her hormones are out of control. Everyone offers unsolicited advice. What she really needs is a way to calm her fears, center her thoughts and focus her mind on her prenatal child. *Meditations for Pregnancy* is written by an expert in pregnancy and birthing to provide guidance and comfort to the mother to be throughout the weeks of her pregnancy. For each week beginning with the fifth, the book provides a thoughtful meditation that speaks to the specific needs and joys of that phase of pregnancy. Inspirational quotations and a short affirmation accompany each meditation along with a brief description of the development of the growing fetus that week. Best of all, an audio CD features a 20 minute guided meditation to calm the expectant mom's emotions. It is read by the author and accompanied by soothing music. *Meditations for Pregnancy* is a wonderful way for women to explore their feelings, calm their nerves and bond with their babies all in preparation for the transformative experience of birth.

It's Conceivable!, Lynsi Eastburn, 2017-08-03
Back Cover I just know there's a baby there I just know it. These words are ever familiar to Board Certified Hypnotherapist and Instructor Lynsi Eastburn. Edana Lynne was conceived naturally in 2003 after her mom Jennifer Harris underwent just one hypnotherapy session with Eastburn. Even after 11 years of infertility marked by dozens of medical procedures and drugs, Edie's mom knew there was a baby there. Eastburn believed her. Today 2 year old Edie is eagerly awaiting the arrival of her baby brother due in November 2006. 2nd Edition Update Edie's little brother Evan arrived safely into the world. The two are now 14 and 11 years old. This book was written to provide hope to those struggling with the heartbreak of infertility. The efficacy of hypnosis and hypnotherapy for fertility has only recently come to light with the first edition of this book 2006 contributing to the expansion of awareness on a global level. It's Conceivable is not a self-hypnosis book in that it is not designed to teach self-hypnosis techniques. Nor is it a how-to manual for therapists. This book addresses what hypnosis really is and the many ways it can help with fertility issues. The power of the mind is enormous and hypnosis is the most direct and rapid route to unlocking its potential. Gain insight into hypnosis and hypnotherapy, the interrelation of the conscious and subconscious minds, the roles of the sympathetic and parasympathetic branches of the autonomic nervous system, subconscious blocks etc. in specific regard and application to infertility. Firsthand accounts of client cases provide a fly on the wall experience. To realize the strength and capacity of your own mind is to discover how it can help or hinder you to conceive. Hypnosis helps to get your mind on your side.

An Easier Childbirth, Gayle H. Peterson, 1993
Childbirth should be one of the most joyful experiences in a woman's life. All too frequently it is one of the most fearful. Gayle Peterson, a nationally

recognized leader in the field of perinatal psychology prepares the mother to be for the most positive experience possible utilizing a childbirth preparation method based on medical research that shows emotional factors to be important in a healthy pregnancy and delivery Guided imagery visualization and journal writing help the mother to learn ways of yielding comfortably and safely into the entire childbirth process
