The Story of King Arthur and His Knights Howard Pyle, Tania Zamorsky, 2005 A retelling of the adventures and exploits of King Arthur and his knights at the court of Camelot and elsewhere in the land of the Britons

In Search of the Holy Grail Veronica Ortenberg, 2006-01-01 This book surveys the influence of the middle ages and of medieval attitudes and values on later periods and on the modern world Many artistic political and literary movements have drawn inspiration and sought their roots in the thousand years between 500 and 1500 AD Medieval Christianity and its rich legacy has been the essential background to European culture as a whole Gothic architecture and chivalry were two keys to Romanticism while nationalists including the Nazis looked back to the middle ages to find emerging signs of national character In literature few myths have been as durable or popular as those of King Arthur stretching from the Dark Ages to Hollywood In *In Search of the Holy Grail* is a vivid account of how later ages learnt about and interpreted the middle ages

The Saturday Review of Politics, Literature, Science and Art, 1902

The Oxford Handbook of Victorian Medievalism Joanne Parker, Corinna Wagner, 2020-09-15 In 1859 the historian Lord John Acton asserted two great principles divide the world and contend for the mastery antiquity and the middle ages The influence on Victorian culture of the Middle Ages broadly understood then as the centuries between the Roman Empire and the Renaissance was both pervasive and multi faceted This medievalism led for instance to the rituals and ornament of the Medieval Catholic church being reintroduced to Anglicanism It led to the Saxon Witan being celebrated as a prototypical representative parliament It resulted in Viking raiders being acclaimed as the forefathers of the British navy And it encouraged innumerable nineteenth century men to cultivate the superlative beards we now think of as typically Victorian in an attempt to emulate their Anglo Saxon forefathers Different facets of medieval life and

different periods before the Renaissance were utilized in nineteenth century Britain for divergent political and cultural agendas Medievalism also became a dominant mode in Victorian art and architecture with 75 per cent of churches in England built on a Gothic rather than a classical model And it was pervasive in a wide variety of literary forms from translated sagas to pseudo medieval devotional verse to triple decker novels Medievalism even transformed nineteenth century domesticity while only a minority added moats and portcullises to their homes the medieval style textiles produced by Morris and Co decorated many affluent drawing rooms The Oxford Handbook of Victorian Medievalism is the first work to examine in full the fascinating phenomenon of medievalism in Victorian Britain Covering art architecture religion literature politics music and social reform the Handbook also surveys earlier forms of antiquarianism that established the groundwork for Victorian movements In addition this collection addresses the international context by mapping the spread of medievalism across Europe South America and India amongst other places Poet Lore ,1897 The Works of Elizabeth Barrett Browning Vol 3 Sandra Donaldson,Rita Patteson,Marjorie Stone,Beverly Taylor,Simon Avery,Cynthia Burgess,Clara Drummond,Barbara Neri,2024-12-15 A canonical Victorian writer and thinker Barrett Browning personified the engaged intellectual This edition provides a foundation for a complete analysis and interpretation of her works and of Victorian Britain The edition presents accurate and accessible texts of all her published literary works Volume 3 Aurora Leigh 4th edn 1859

King Arthur Here is the most comprehensive guide to the real Arthurian world and the legends that surround and often obscure it Sifting fact from fancy Mike Ashley reveals the originals not only of King Arthur but also of Merlin Guinevere Lancelot and the knights of the Round Table as well as all the major Arthurian sites He traces each of the legends as they developed and brilliantly shows how they were later used to inspire major works of art poetry fiction and film There is clear evidence that The Arthurian legends arose from the exploits of not just one man but at least three originating in Wales Scotland and Brittany The true historical Arthur really existed and is distantly related to the present royal family The real Arthur and the real Merlin never knew each other The real Lancelot was not British but was closer to a sixth century asylum seeker The Holy Grail legend probably grew out of a cosmic catastrophe that could have destroyed most of civilization
